# PROJECT Missouri LEARNING TREE

## Try a Project Learning Tree "Quick Quiz"

### Project Learning Tree is used by:

- ☐ adult educators
- ☐ youth leaders
- ☐ anyone who works with young people
- ☒ all of the above

### Project Learning Tree includes topics on:

- ☐ forestry
- ☐ wildlife
- ☐ soil, air and water
- ☒ all of the above

### Project Learning Tree helps teach children:

- ☐ to be stewards of the land
- ☐ how, not what, to think
- ☐ improve their understanding of conservation and use of our natural resources
- ☒ all of the above

### Project Learning Tree is:

- ☐ hands-on and inexpensive
- ☐ used across the curriculum
- ☐ used by students with special needs
- ☐ used with thematic teaching and cooperative learning
- ☐ written by classroom teachers, environmental educators and foresters
- ☒ all of the above

## PLT HIGH SCHOOL MODULES

-  Curriculum modules address contemporary environmental issues.
-  Modules include: Exploring Environmental Issues: Focus on Forests, Forest Ecology, Solid Waste Management, Risk Assessment, World Forests, The Built Environment and Biodiversity
-  Fun and challenging for older students
-  Correlates with lessons in social studies, language arts, science, geography and math
-  Offers opportunities for thematic units, research projects and field studies

"Excellent workshop.  
It gave us the performance activities for the coming year."  
Middle School Teacher, St. Louis

## BY ATTENDING ONE SIX-HOUR PLT PREK THRU 8 WORKSHOP YOU WILL GET:

- curriculum guide containing nearly 100 activities
- Correlations to the Show-Me Standards
- A new curriculum, revised to add what educators were requesting
- Access to a network of educators linked by a common interest
- A curriculum easily adaptable to many settings, with appeal to children of all ages, backgrounds and learning styles
- The national PLT newsletter, *The Branch*
- Hands-on, fun and interdisciplinary activities

## WITH PLT, STUDENTS WILL:

- explore history as it comes alive in their hands in "Tree Cookies"
- exercise their personalities as a tree in "Every Tree For Itself"
- discover creative writing skills in "Poet Tree"
- calculate water use in "Every Drop Counts"
- practice mapping multicultural and global uses of natural resources with "Resource Go Around"

## All these things come from trees:

fertilizers   soap   toys  
cosmetics   adhesive   lacquers  
plastic fillers   mulch   dinnerware  
telephone housings   camera cases  
electrical receptacles   tool handles  
photographic film   football helmets  
vitamins   livestock feed supplements  
cement   rugs   chewing gum  
sausage casings   baby food  
polishes   rubber products  
solid rocket propellants  
resin   wax  
asphalt  
lumber  
varnish  
plywood  
furniture  
ceramics

"The curriculum will be extremely useful for me in the classroom."  
Fourth Grade Teacher, Springfield

## PLT IS SPONSORED BY:

Missouri Departments of  
Conservation, Natural Resources  
and Elementary and Secondary  
Education, and others who have  
an interest in conservation and education

"I liked the scope of activities."  
Homeschooler, Joplin

## HOW TO JOIN A PLT WORKSHOP:

Contact the PLT office at 573/751-4115 x 113 or
